

# INV1400/INV1430

It's an IP base innovative Surveillance Network Video Recorder (NVR) ,and which designed for SMB or SOHO marketing. It is also a reliable surveillance solution for remote monitoring and recording IP Camera via the Internet or your LAN/ Wireless environment. NVR could intergraded with the IP cameras up to 4 pcs. Otherwise, the device is easy to install and use. Simply connect it to the router/switch, and will automatically access to the connected IP cameras by wizard tool .Finally. The device is built-in with powerful Linux embedded system. It support high quality recordings in H.264 and Megapixel (depends on IP camera) could be the best IP Camera recording station to satisfied everyone.

## Specification

Network Video Recorders INV1400 / INV1430	
IP Camaras	1-4
System	Microprocessor : ARM9 Flash ROM : 16 MB Flash RAM : 128MB DDR SDRAM
Numbers of H.D.D	1-2 (SATA I/II) up to 2TB
RAID Types	Standard / RAID 0 / RAID 1 / JBOD
USB Interface	x1 (USB 2.0)
Network Transmission	LAN (RJ45-10/100/1000)
Wireless* (INV1430)	Wireless (IEEE 802.11 b/g/n)
NVR Applications	
Recording Performance	Up to 120FPS (4 CH)      SVGA/VGA/QVGA/QQVGA
Compression Format	Motion JPEG / MJPEG4 / H.264
Recording File format	*. AVI
Reordering Type	Manual, Schedule, Alarm , Motion
File System Type	EXT3 ;
Support Hard Drive Type	SATA I/II Compatible
HDD Bay & Max. Capacity	2 Bays ; Total capacity: 1TB x2 (Standard & JBOD )
CMS supported	Yes
Setup wizard Tools	LAN Configuration, IP Finder
Languages GUI	English

### Powerful Surveillance Feature

- \* Real monitoring 4-channel, supports H.264, M-JPEG or MPEG4 recording simulation up to 120FPS.
- \* It supports storage capacity up to 2TB (one for 1TB) for long period recording
- \* Totally security solutions to integrated Central Management System(CMS)
- \* Complete recording features with schedule , continues ,and motion recording
- \* Advanced RAID feature to protect all the important recordings files

### Easy Installation and Operation

- \* Build in smart IP Camera finder tools for quick installation
- \* 4 steps to set up network configuration by wizard mode.
- \* The web-based interface allows enables users to access by browser as IE anytime , anywhere

### Miscellaneous

- \* Certification: CE , FCC
- \* Support Client OS: Microsoft XP / Vista / Win7 Home / 2008 Server
- \* Box Shipping Weight: 1.8 Kg
- \* Dimension : 201\*134\*105 mm
- \* Power Supply: Power Adapter (DC 12V 4A ; AC100-240V 48W)

### Package Content

- \* One NVR Device
- \* One AC Power Adapter with Power Cord
- \* One Ethernet Cable (RJ-45 type)
- \* One External 2dBi Antenna (NV1410)
- \* Four Screws for Quick Dismantled
- \* Four Rubber Pads
- \* One Installation CD-ROM
- \* One Quick Installation Guide (8 Languages)
